

## PROMOTION

# 600 MHz Wireless Trade-in Canada Overview

Over the next few years, the FCC’s Incentive Auction in the USA will prohibit customers from operating wireless microphones in the 600 MHz frequency band. The Canadian Government has already launched a similar process and announced it’s interest to align the territory. Your current wireless systems may be affected. If so - **Sennheiser will help you trade-in your old 600 MHz gear towards new wireless! 600 MHz gear from any competitive manufacturer will be accepted!**

## PROMOTIONAL PERIOD

Sennheiser’s 600 MHz program runs from April 1st, 2019 through July, 31st, 2020.

### STEP 1: Check if your current wireless will be affected

Wireless mics and monitoring systems are currently allowed to operate from 470 - 698 MHz. In the next few years, the government of Canada has demonstrated clear interest to align with the FCC and will limit operation to 470 - 608 MHz. While the majority of wireless systems in use today will be unaffected, customers with systems that operate above 608 MHz will unfortunately need to discontinue use and migrate to new frequency ranges.

To check if your current wireless will be affected, look for a printed sticker on your equipment indicating its frequency range. On Sennheiser wireless, this information is printed on both transmitters and receivers and is often visible on the main display. Other manufacturers may indicate elsewhere.

### STEP 2: Purchase new wireless from an authorized Sennheiser dealer

Sennheiser offers a wide range of wireless mics and monitoring systems for any budget, which fully comply with current and future rules and regulations. Choose from the following wireless series, in these recommended future-proof frequency ranges.

Wireless Series	Recommended Frequency Ranges
<a href="#">XS Wireless</a>	A
<a href="#">XS Wireless Digital</a>	
<a href="#">evolution wireless G4</a>	A1, A, G, AW+, GW1
<a href="#">AVX and SpeechLine DW</a>	1.9 GHz
<a href="#">2000 Series</a>	Aw, AW+, GW1
<a href="#">3000 / 5000 Series</a>	L-US
<a href="#">Digital 6000</a>	A1-A4, A5-A8 US

### STEP 3: Trade-in your old 600 MHz wireless gear

#### Authorized Dealer:

1. Verify end-user equipment is valid for the Trade-In Program
2. Process the new product sale’s transaction to the end-user and can provide them credit up front
3. Contact Sennheiser Sales Representative for mandatory Pre-authorization return number
4. Complete the 600 MHz Trade-In form, including Return Number obtained in Step 3
5. Send old traded-in equipment PREPAID shipping to Sennheiser Canada (see address on form), complete with the Trade-in Form AND a copy of the end-user’s sales receipt. Ensure that the return is clearly marked: ATTN: 600Mhz Trade-In Program
6. Once equipment is received by Sennheiser Canada with proper documentation, the credit will be issued within 4 weeks.

PROMOTION

# 600 MHz Wireless Trade-in Credit Form - Canada

Purchase select Sennheiser wireless products from an authorized Canadian Sennheiser dealer between April 1st, 2019 through July 31st, 2020 and trade in your old 600 MHz equipment for credit towards the purchase of a new system. Only valid for a complete Channel (Transmitters and Receivers).

## CHECK LIST TO TRADE-IN:

### 1. Any old 600 MHz wireless being traded for credit

(Quantity of trades will be matched one-to-one with eligible wireless purchases. Traded-in systems must operate in 600 MHz range (608-698 MHz))

### 2. Copy of the original dated sales receipt for the new Sennheiser systems

### 3. This completed form

#### Send to:

600 MHz Wireless Trade-in Program  
Sennheiser Canada

See next page for a complete list of eligible products and rebate values

**Terms and Conditions:** This offer is made exclusively by Sennheiser. Credit is offered with the purchase of select new products, listed on this form, and subsequent trade-in of older wireless systems. Offer valid on new purchases made between April 1, 2019 and July 31, 2020 via an authorized Sennheiser Dealer. Credit for traded-in systems will be matched one-to-one against new systems purchased, up to but not greater than the quantity of new systems purchased. Most wireless series included in this offer are sold as sets and have a corresponding credit value per set. Sennheiser professional wireless series (2000, 3000/5000, Digital 6000) are sold as individual components and have corresponding credits listed both per channel and per component (transmitter or receiver). Dual channel transmitters and receivers qualify as two independent components. All traded-in wireless systems must be operational (traded systems must operate in the affected 608-698 MHz band). Wireless system must include a transmitter with matching receiver. Trade-in submissions must be postmarked no later than August 31, 2020. All submitted documentation and materials become the exclusive property of Sennheiser and will not be returned. Trade-in requests not including proper documentation will be ineligible. Sennheiser is not responsible for lost or misdirected mail. Rejection of any improper credit claim will not entitle the claimant to any refund, return or other accommodation. Sennheiser reserves the right to terminate the program at any time. Void where prohibited by law. Sennheiser is a registered trademark. All rights reserved. Credit eligibility as determined by Sennheiser is final. Offer valid to Canadian addresses only, for new product only.
